

# The 2009 Executive Golf Tours

## World Golf Tour

One of the most exciting golf trips being planned by Executive Golf Tours is our World Golf Tour to kick-off in April, 2009. The tour is a collaborative effort with Executive Golf Tours, Executive Golf Tours UK ([www.execgolftours.com](http://www.execgolftours.com)) and Jetset Charters of Fort Lauderdale, Florida ([www.jscharter.com](http://www.jscharter.com)). Combined, these three organizations have over 80 years of event planning and hosting. This promises to be the golf trip of a lifetime. During 25 days we will play 15 courses on 6 continents. While the specific itinerary is explained below, allow me to give you a brief overview of the tour. At the end of this page you will find a day-to-day itinerary of the World Golf Tour. We will begin the tour by attending the final two rounds of The Masters. Following this incredible event we will continue on to Caracas, Venezuela; Marrakech, Morocco; Marbella Club, Spain; St. Andrews, Scotland; Dubai; Melbourne, Australia and conclude with, where else, Pebble Beach. Now, how many golfers do you know that can say they have golfed around the world? As with all our tours, participants will stay in first-class luxury accommodations, enjoy gourmet fine dining, chauffeur

limousine and luxury coach service, etc. Absolutely first-class all the way.

A very special aspect of the tour is that we will have a PGA touring professional with us, as well. While we cannot announce the name of the touring pro at this time, I can assure you it will be a name that everyone will know.

Most of our tours involve executive jets that carry 8 to 14 passengers. However, for this tour we will be using a Boeing 757 executive jet provided by Jetset Charters. The aircraft provides for only 50 passengers, so you can imagine the luxurious spacious room our guests will enjoy. The aircraft will be perfect for our 40 clients and 10 staff.
